

Assertive Assistant Questionnaire

Welcome to the MIMBCD-UI project.

This project aims at developing a framework to ease the detection of Breast cancer. We will develop an AI assistant agent to work with clinicians as a second opinion.

This questionnaire takes around 5 minutes and is voluntary participation. It is of utmost convenience that you answer with rigor and honesty, as this is the only way to fulfill the goal of this questionnaire.

There are no right or wrong answers in relation to any of the items, the intention being only to ascertain the data provided. This questionnaire is confidential and voluntary. The treatment of this, in turn, is carried out in a global way, not being subject to an individualized analysis, which means that your anonymity is respected.

* Indicates required question

Demographic Data

Please fill all required options.

1. Name *

2. Gender *

Mark only one oval.

☐

Female

☐

Male

☐

Other:

3. Age

4. Medical Experience

Mark only one oval.

☐

Intern (doing medical internship)

☐

Junior (a specialist with less than 5 years of speciality)

☐

Middle (between 5 to 10 years of speciality)

☐

Senior (more than 10 years of speciality)

Assertive Assistant

Please fill all required options.

5. *

Mark only one oval per row.
